## LASHING CHAINS

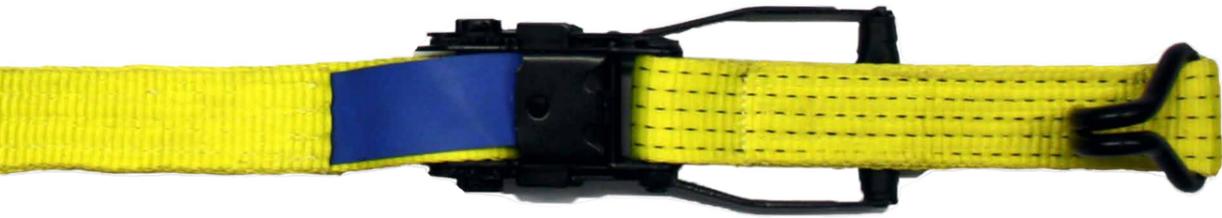

### SECURING HEAVY CARGO

Lashing chains are a vital component for heavy cargo securing by sea, rail or road. MEC supplies lashing chains in various lengths, widths and diameters of 9mm, 11mm as well as 13mm to serve your needs perfectly.

### STATE-OF-THE-ART TECHNOLOGIES PERSONALIZED TO YOUR NEEDS

MEC RORO is a full-service supplier for lashing equipment, such as web lashings. We offer web lashings in a wide variety of permissible loads, colours, lengths and with customer-specific I.D. printing for your truck and car lashing equipment.

**OFFERING A BROAD ISO 9001-CERTIFIED PRODUCT PORTFOLIO**

Beyond the illustrated standard lashing products we offer an extensive product portfolio enhanced by a wide range of supporting services. Certified in accordance with ISO 9001 and other prestigious standards, we work with our experienced staff to maintain the consistently high quality of the products we offer.

**EXCELLENT MARKET KNOWLEDGE**

We believe that our role must go beyond simply supplying products. With our excellent market knowledge, we are able to understand your needs. Hence, we provide quick-response advice, knowledgeable technical support and after-sales service throughout the value-enhancement chain to help you realize optimum performance and results.

## YOUR FULL-SERVICE SUPPLIER

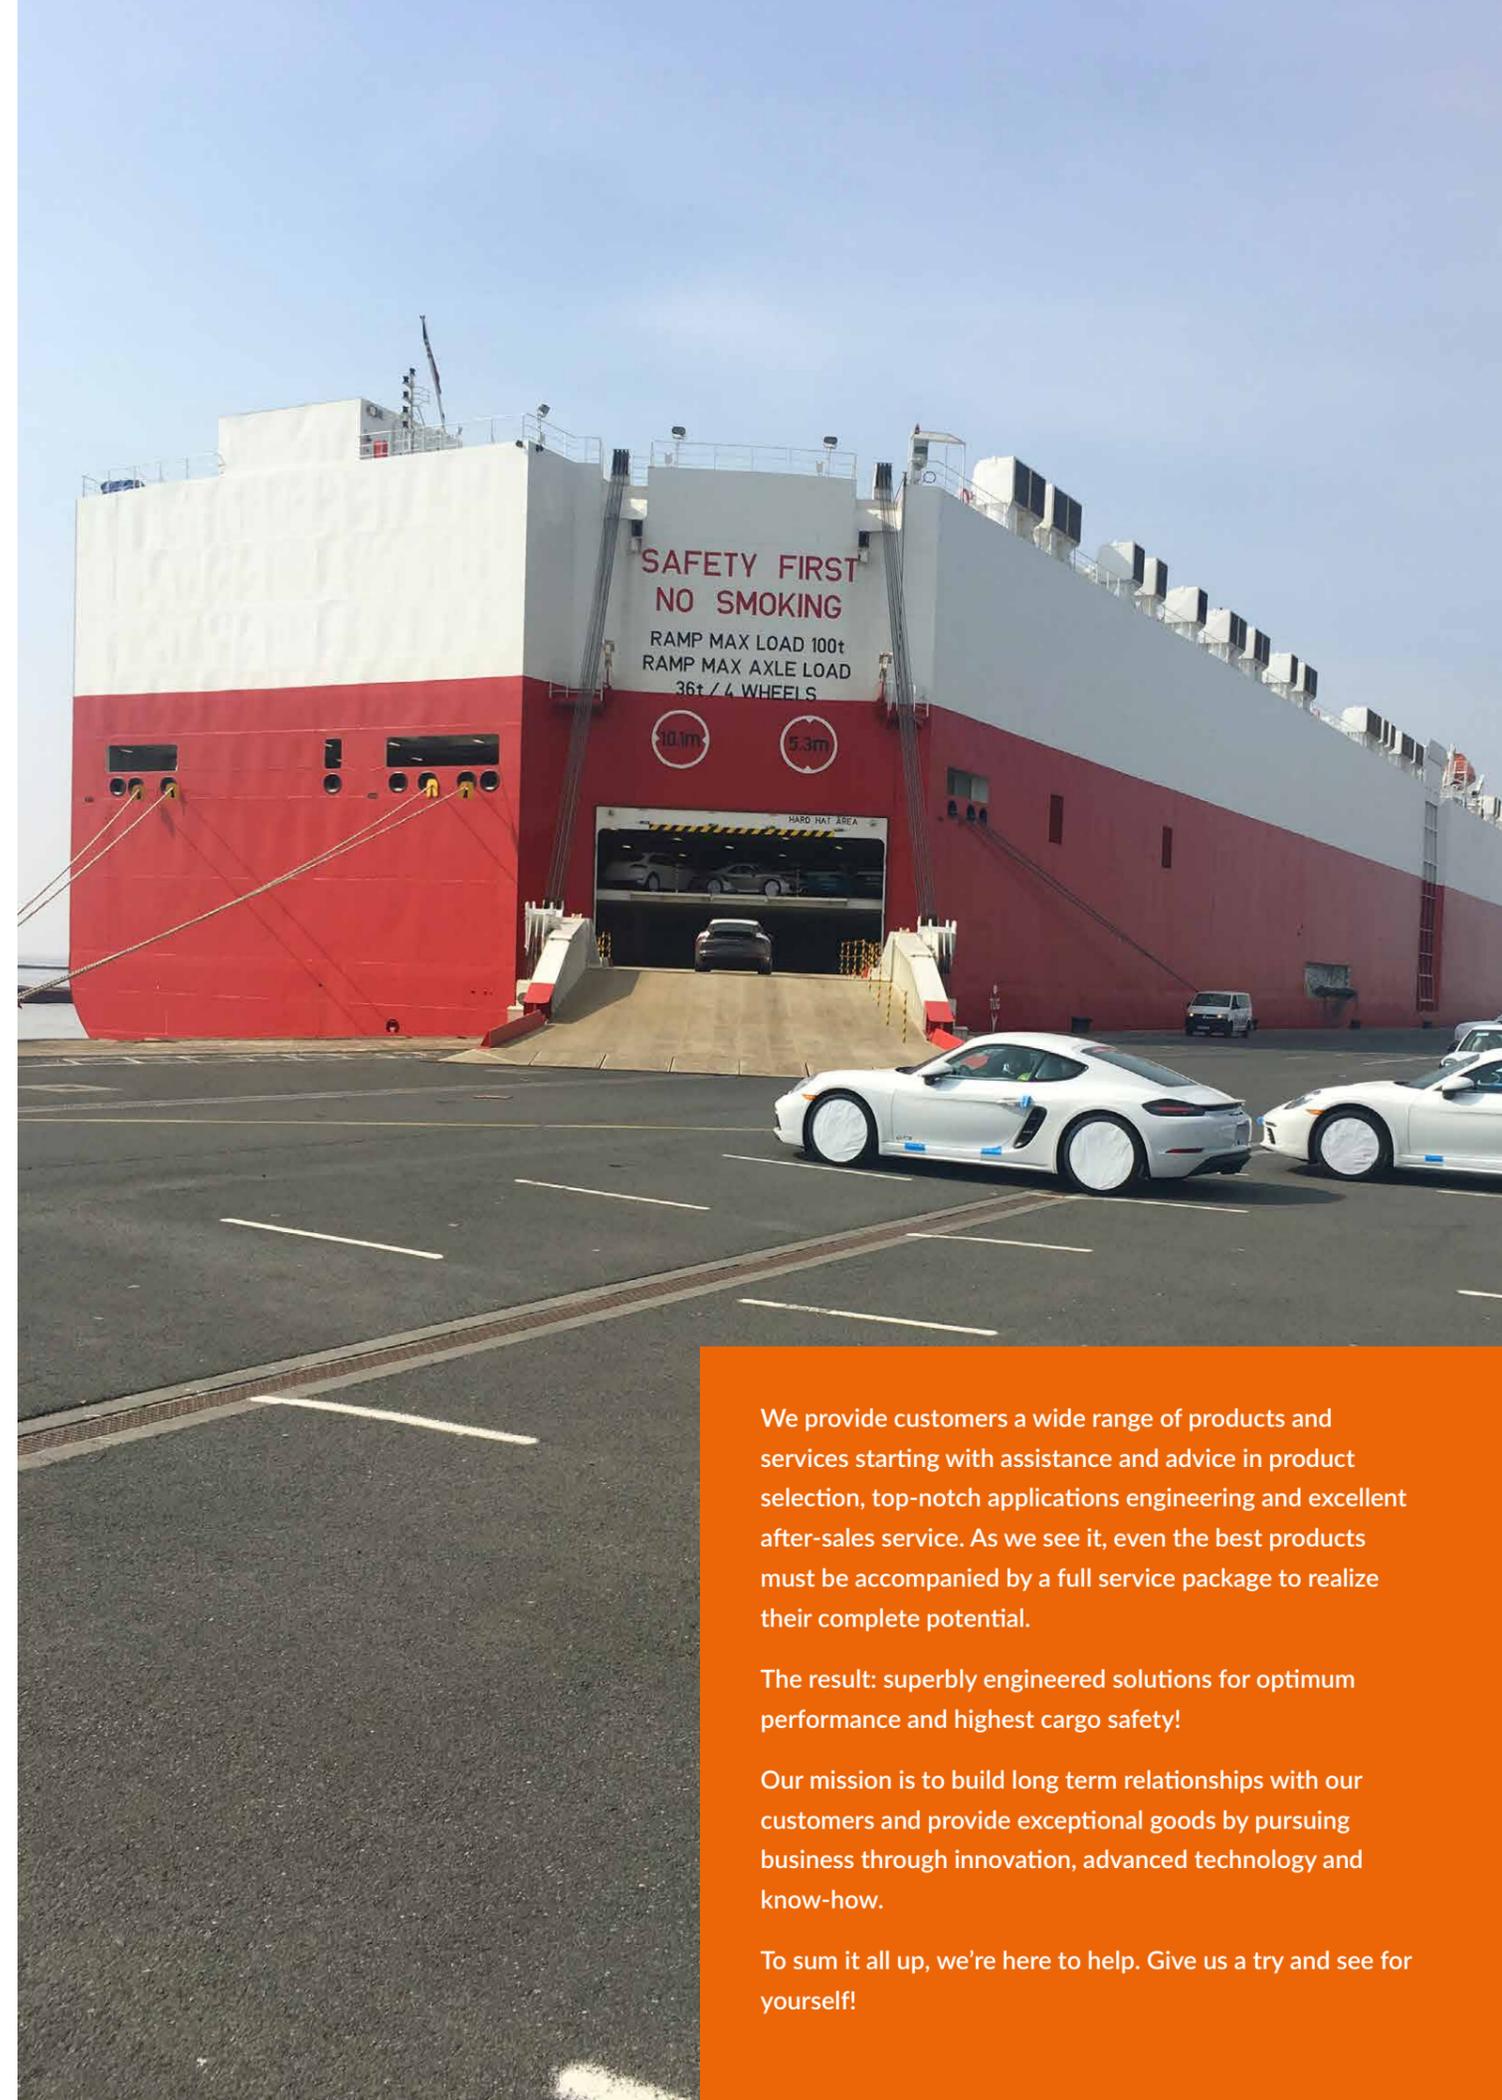

Customers benefit from MEC's "one-stop shop" approach, which includes initial brainstorming, design, prototyping, manufacturing, QC and transport - backed by single-source responsibility. Along with standard lashing products we also offer tailor-made solutions which are custom engineered to users' requirements. Whatever the product supplied, you profit from its expert engineering, superb cost-efficiency and workhorse dependability - as well as on-time delivery.

## YOUR FULL-SERVICE SUPPLIER

We are a self-sufficient provider with powerful fabrication capabilities who ensure single-source reliability and provide top-notch RORO securing products. Our production plant combines the benefits of being able to produce high volumes with a personalized, all-inclusive design approach. Further, we can provide lashings in a variety of colours, lengths, breaking loads and individual printings. For all our products we coordinate all structural details closely with our customers to ensure efficient and technically sound implementation.

We provide customers a wide range of products and services starting with assistance and advice in product selection, top-notch applications engineering and excellent after-sales service. As we see it, even the best products must be accompanied by a full service package to realize their complete potential.

The result: superbly engineered solutions for optimum performance and highest cargo safety!

Our mission is to build long term relationships with our customers and provide exceptional goods by pursuing business through innovation, advanced technology and know-how.

To sum it all up, we're here to help. Give us a try and see for yourself!
